

User Manual : Admin Side

Software Overview

This software gives admin the power to:

- Update or change Mobile plans. Ex -> Talk-Time, Messages.
- Update or change Internet plans. Ex-> Cost, Data-limit.
- Update or change TV plans. Ex-> Cost, Plan.
- Accept or reject user requests for adding money in his wallet.
- View user information.

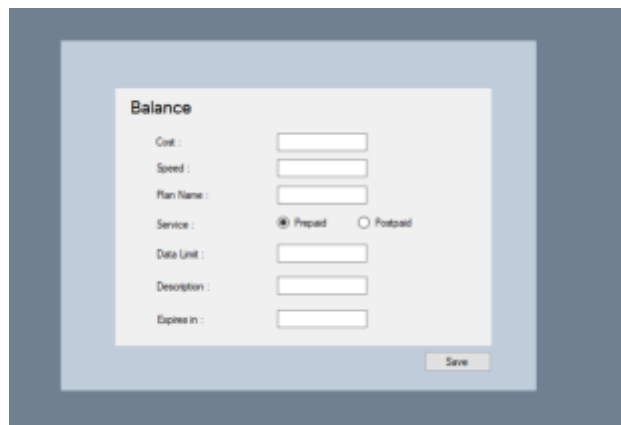

MANAGING MOBILE SERVICES

A screenshot of a web application interface for managing mobile services. The form is titled "Balance" and is set against a light blue background. It contains several input fields for plan details: "Talktime", "Messages", "Plan Name", "Expires in", "Cost", "Description", "Net MB", and "Net Balance". The "Service" field has two radio buttons, "Prepaid" (which is selected) and "Postpaid". A "Save" button is located at the bottom right of the form.

You can update mobile plans by filling the plan details.

MANAGING INTERNET SERVICES

A screenshot of a web application interface for managing internet services. The form is titled "Balance" and is set against a light blue background. It contains several input fields for plan details: "Cost", "Speed", "Plan Name", "Data Unit", "Description", and "Expires in". The "Service" field has two radio buttons, "Prepaid" (which is selected) and "Postpaid". A "Save" button is located at the bottom right of the form.

You can update internet plans by filling the plan details.
